Data Appendix

The final dataset has 782,964 observations and 7 columns. Each observation represents one review of a specific county in a given month of a given year

	year	fips	month	temp	County_Name	State	precip
0	2003	1001	Jan	41.0	Autauga	Alabama	2.62
1	2004	1001	Jan	45.0	Autauga	Alabama	2.60
2	2005	1001	Jan	49.9	Autauga	Alabama	3.08
3	2006	1001	Jan	52.0	Autauga	Alabama	5.69
4	2007	1001	Jan	47.3	Autauga	Alabama	4.73

Year:
Calendar year

Fips:
Unique code for each county

Month:
Month within a calendar year

Temp:
Average temperature per month in a calendar year

County_Name:
County in a state

State:
State in the continental United States

Precip:
Average precipitation in each county for each month in each year
